PROFILE SUMMARY

Full Stack Professional WordPress Developer | SEO Specialist

Experience: 6+ Years

I am a full-stack WordPress developer with over 6 years of experience, providing comprehensive services in WordPress development and SEO (Search Engine Optimization). I specialize in designing and developing a wide variety of websites, including E-Commerce, Business, Portfolio, and Blog websites.

Key Expertise:

- WordPress Development:** Custom website design and development, theme customization, and plugin integration.
- SEO:** Proven strategies to rank websites on the first page of Google, helping businesses increase visibility and traffic.
- Website Types:** E-Commerce, Business, Portfolio, and Blog websites tailored to client needs.

If you are looking for a skilled web developer to create a professional website or improve your site's Google rankings, I'm here to help you achieve your goals.

EXPERIENCE

Senior WordPress Developer

01/2024 - Present

Digitizing Spot

Karachi, Pakistan

As a Senior WordPress Developer, I am responsible for delivering top-tier web development solutions by leading the design, development, and implementation of WordPress websites for a variety of clients. My responsibilities include:

- Custom Development:** Designing and developing custom WordPress themes and plugins based on client needs.
- Website Optimization:** Ensuring fast, high-performance websites through optimized coding and database management.
- UX/UI Design:** Creating responsive, user-friendly, and visually appealing layouts.
- E-Commerce:** Developing secure, fully functional E-Commerce websites with payment gateways and product management.
- SEO & Analytics:** Implementing SEO best practices and integrating analytics tools to boost site rankings and traffic.
- Cross-Browser & Mobile:** Ensuring compatibility across all devices and browsers.
- Website Security:** Implementing robust security protocols to safeguard against vulnerabilities.
- Team Leadership:** Leading development teams and collaborating with stakeholders to meet project goals.
- Client Communication:** Regularly liaising with clients to understand objectives and provide technical support.

Mid-Level WordPress Developer

08/2022 - 12/2023

Ossha Technologies

Karachi, Pakistan

As a Mid-Level WordPress Developer, I contribute to the creation of dynamic and responsive websites while working with teams and clients to deliver tailored solutions. My key responsibilities include:

- Custom WordPress Development:** Developing custom themes, templates, and plugins to suit project requirements.
- Website Optimization:** Enhancing site performance, ensuring fast load times, and optimizing for SEO.
- Responsive Design:** Creating mobile-friendly and cross-browser compatible websites with a strong focus on UX/UI.
- E-Commerce Development:** Assisting with the development and maintenance of secure, feature-rich E-Commerce platforms.
- Plugin Integration:** Installing, configuring, and customizing WordPress plugins to add functionality.
- Troubleshooting:** Resolving website issues, conducting regular updates, and ensuring overall site stability.
- Client Collaboration:** Working closely with clients to understand their needs and provide ongoing support.

STRENGTHS

Self-Motivated

Demonstrates a strong work ethic and takes pride in delivering high-quality work. Known for completing assignments independently, which reflects productivity and the ability to manage tasks effectively without supervision.
